

How To Choose The Right Pitch Remover

Are there Aluminum parts involved?

Use - [Bio C-9](#)

Do you want a Pitch remover you can either set parts in or wipe on?

[Biobasics 9000](#)

Are you wanting to wash your parts in a machine that agitates or sprays?

[Biobasics 9000 AF](#)

If it's heated and no-foam is desirable use:

[Biobasics 9010 AF](#)

Do you want to spray onto parts or dryer walls for example?

[Biobasics 9010 HF](#)

Do you want to keep the internals of your WESP clean?

Use: [PR-90](#)

Do you want to remove pitch from mill or board plant equipment while the mill is running?

[Superhawk 8990](#) is what you want.
